VOLUME LII — UKIAH CITY, MENDOCINO COUNTY, CAL., FRIDAY, MAY 28, 1920 — NUMBER 34

Damage Suit Is Threatened Against Maddox Trucking Co.

The incorporated township of Potter Valley has loaded the first gun in a campaign that will in all probability become county-wide, to either enjoin trucks and trailers loaded in excess of lawful rights from going over the highways, or to secure some sort of compensation for the damage done.

Potter Valley's action is taken directly against the operations of the Maddox Trucking Company, which is transporting supplies to the Gravelly Valley dam.

Attorney Charles Kasch was retained by the board of trustees of Potter Valley and several consultations have been going on during the past week as to the course to pursue.

A contract was drawn up by Kasch last Wednesday and submitted to the board at Potter Valley, which is in part an agreement upon the part of the trucking company to repair the damage which their trucks are doing to the roads, bridges and culverts of Potter Valley. The company is to put up a $5,000 deposit with the treasurer of the Potter Valley township as a security that such repair will be made. Provided the company fails to make the repairs, the township will do the necessary work, making the payments from the $5,000 deposit on hand.

Mr. Kasch has advised the board to submit this contract to the Maddox people in an effort to prevent any litigation. He further advised that if the company failed to sign the contrat to proceed against them immediately under the provisions of the state law which allows an 800-pound load only for every inch of surface contact. As each driver enters the valley he will be taken into custody and his truck weighed on the nearest public scales. If the load is found to be in excess of the amount allowed by law, the driver will be fined $20 per ton for the excess and his truck seized and held as security until the amount is paid.

Mr. Kasch stated yesterday that he had advised the board as to the law providing for damages to the roads and culverts, and that the failure on the part of the company to sign the contract and deposit the amount required would result in an immediate suit for damages, and a separate injunction suit to enjoin the trucks from hauling over a certain amount of freight each load.

Since it is absolutely essential that the supplies for the dam be rushed through at this time it is thought that the Maddox company will agree to the proposition which will be submitted to them, as any other course of procedure would tie up their operations and subject their drivers to an unlimited amount of trouble and possibly litigation.

It is probable that the action of Potter Valley in seeking to prevent unlawful loads to be transported over their roads, will be the signal for similar actions in the different sections of the county where heavy duty hauling is being done.

Redwood League Game Is Won By Cloverdale

Cloverdale ball tossers last Sunday trimmed the Boonville nine to the tune of 8 to 6 on the diamond at Cloverdale. This was one of a series of games to be played this year between teams of Cloverdale, Boonville, Geyserville and Fulton, which have organized into a league called the Redwood league.

The game last Sunday is said to have been replete with excitement. The gate amounted to $110.

Monte Cleland's New Suit Arouses Ire of "Sheriff;" "Smine" He Says

"Sheriff" Bill Espie, has a whole flock of bones (therefore a skeleton) to pick this week and he don't care a hang who knows it. To begin with Marshall Monte Cleland appeared Wednesday in a brand new khaki "uni." There is nothing startling in that statement itself. A new marshal has a perfect right to outfit himself if he so desires. But the trouble is that the uniform belongs to Espie, or at least so he claims. Ralph Byrnes had ordered the uni for Espie, had taken the measurements and everything, and Monte resorted to some sort of trickery and got possession of it before it was consigned to Bill. But the worst of it is now that Monte knows that it belongs to Bill, in fact has been told so repeatedly, he won't repair to his room and remove the garments and hand them over to their rightful owner. He has proved very recalcitrant about it in fact. Bill has appealed to the only authority that he recognizes beside Hiram W. Johnson, Ralph Byrnes, to have Cleland take off the clothes. And Byrnes has listened to the plea, and according to Bill unless the transfer is made within a few days, Byrnes will serve a writ of "detachment" upon Cleland, and the latter will be minus everything but B. V. D.'s when the smoke of disrobement is cleared away.

BAR ASSOCIATION MEETS AT POINT ARENA SATURDAY

The Bar Association of Mendocino County held its quarterly meeting on Saturday evening at the Point Arena Hotel in Point Arena and those in attendance from Ukiah pronounce it one of the most successful the association has ever enjoyed. Too much credit can not be given to Mr. J. W. Kingren for the very satisfactory way in which every event of the attorneys' visit was carried out.

At seven o'clock a banquet was served in the hotel dining room, with a menu that spoke eloquently of the proximity of the mighty deep, as follows:

Raw Oysters in the Half Shell
Abalone Chowder Crab Salad
Fried Abalones
Creamed New Potatoes Green Peas
Hot Biscuits Fried Trout
Lemon Pie
Strawberries and Whipped Cream
Small Black Coffee

Folllowing the banquet the party adjourned to Attorney Kingren's office, where a business session, followed by a smoker, lasted until midnight. Those who desired on Sunday morning joined in an abalone hunt along the shore.

Those participating in this pleasant affair were I. M. Brazier, Geo. Redwine, Chas. Kasch, Chas. Mannon, Hale McCowen, Jr., J. R. Thomas, Lilburn Gibson, K. C. Eversole, M. H. Iversen and W. D. L. Held of Ukiah, D. R. Bennett of Covelo and J. W. Kingren of Point Arena.

W. H. BARNES DEAD

C. H. Barnes a former wellknown resident of Ukiah, died Wednesday in Sonoma county. The news of his death will be received with much regret by his many old friends here. The funeral will be held today in Healdsburg. He leaves four sons and five daughters to mourn his demise.

L. Middleton of Branscomb was a visitor in Ukiah last Wednesday.

UKIAH TEAM TROUNCED BY WILLITS IN CLOSE CONTEST LAST SUNDAY

FORT BRAGG AND UKIAH TO PLAY LEAGUE GAME HERE SUNDAY

The Ukiah baseball team journeyed to Willits last Sunday and were defeated by the Willits aggregation by a score of 7 to 6. The score itself would seem to indicate that the game was a fast played and hard fought affair, but such a conclusion would be wrong. Both sides made innumerable errors, and the Ukiah boys played in hard luck from start to finish.

Taylor opened up on the mound for Ukiah, and for some reason couldn't seem to locate the plate. He had a world of speed and plenty of "hop" on the ball, but soon allowed four of the Willits players free tickets to first base, so Manager Johnson replaced him with Beverly Broaddus. Glenn Pool caught a hot one on the end of the middle finger of the right hand, and a portion of the finger nail was torn therefrom. He would have been able to continue behind the plate but time was called before he felt capable of getting back into the game, and Tuffy Broaddus had to be brought in from center field to receive.

Taylor replaced Broaddus in the outfield.

Such a string of bad luck usually happens in the "eventful seventh" but the first inning was the worst for the Ukiah boys, for before the Willits team was retired five runs had crossed the plate.

Broaddus had the Willits players pretty well at his mercy during the remaining eight innings. Two more runs crossed the plate, but during the same time the Ukiah boys were hitting Lockhart, the redskin Willits pitcher very freely and pushed in six runs. Ukiah had several chances to even up the score, but failed in the critical time.

Sunday's game with Fort Bragg on the local diamond promises to draw the biggest crowd of the season. A special train will leave Fort Bragg at eight o'clock Sunday morning to bring over the Fort Bragg team and such rooters that will undoubtedly accompany them. The train will leave for the return trip at six o'clock Sunday evening. The round trip will be $3.00.

At the present time Ukiah is in the cellar of the Mendocino county league, having lost two league games without a single victory.

The boys have been putting in strenuous practices all during the week and with a few changes in the line-up expect to climb up a notch Sunday. The standing of the clubs appears elsewhere in this paper.

LAKEPORT MEDICO SUES TO RECOVER $11,000 DAMAGES

Alleging that O. D. Meddaugh, a Lakeport druggist, and Miss Jess Dodge, stewardess of the Lake county hospital, wrongfully came into possession and claim to be owners of surgical instruments, a library of 3000 volumnes, eleven Turkish rugs, manuscripts and a miscellaneous collection of personal property, Dr. Ormiston W. Swayze formerly of Lakeport has filed suit in the superior court of Lake county against Meddaugh and Miss Dodge for $11,000 damages.

Swayze is said to have been a drug addict, and was committed to the state hospital at Talmage in 1918. He was subsequently released, said to have been cured. The defendants claim that before his committment they bought personal property from him in order to allow him sufficient funds to buy food and clothes.

Statistics Show Special Tax of Thirty Cents Not Feasible To Raise Salaries of Teachers

Over Two-Thirds of the School Districts Would Still Be Deficient Even With Proposed Increase

Branding the plan of a thirty-cent special tax in certain school districts, suggested at the recent taxpayers meeting, as not a feasible method for raising the necessary funds for an increase in the teachers' salaries, Frank L. Caughey, secretary of the Mendocino County Taxpayers' Association, has compiled statistics which back up the statements which he made at the meeting, and prove beyond all doubt that the plan is not only inadvisable but would not, in most cases be a remedial measure.

Setting $900 as a fair basis for a teacher's salary during nine months of school Mr. Caughey has figured the amount of money in each district, which the thirty cent special tax would afford, and out of the 126 school districts of the county, there would be a deficiency of $9,550.21 from 67 school districts. If $1,000 is set as the minimum for a teacher's salary, there would be a deficiency amounting to $20,095 from 81 schol districts.

Following are the school districts which would be deficient were the thirty cent special tax adopted:

TWO OIL COMPANIES TO DRILL AT POINT ARENA

It is hardly to be questioned but that Point Arena will have two oil companies drilling for oil, as we are reliably informed that I. L. Pierce and associates will operate here. The gentlemen were here last month and looking the field over decided to enter it and drill for oil, having at that time secured a neat lease acreage with promises of more. The gentlemen when they left expected to return with an expert geologist, within a couple of weeks, and have him look the territory over and select a drilling site. But the flurry of an oil shortage, and the rush in the oil world for new territory, has caused a paucity of experts, and the gentlemen have experienced trouble in finding a geologist to bring here—hence their delay. Word was received Tuesday, that a geologist had been found that would be foot-loose in a few days, and that they could be looked for soon. So with this good prospects for a second company drilling, we can now patiently await the advent of their arrival.—Point Arena Record.

Vic Angle is here from the southern part of the state.

Mayor J. D. Brower of Potter valley was transacting business in the county seat during the first part of the week.

COLUSA MAN GETS RIGHT TO BUILD DAM ON EEL RIVER

Notice of the granting of the application of S. E. Getlis of Covelo, Mendocino county, for a water right on the north fork of Eel river, was sent out by the Water Commission last week.

The application states that the water is to be used for power purposes. The dam would be 300 feet high by 665 feet long across the top, and the estimated cost of construction is $1,500,000. The water would be taken out 180 feet above the surface of the river, and conveyed by a ditch or pipe line four and one-half miles down the river, where the power plant would be located. It is estimated by Mr. Getlis that 22,816 horsepower would be developed, as the ditch would drop over 400 feet in the four miles. A dam 300 feet high would flood an aera of 1388 acres.

Getlis is at the present time living in Colusa. The data as to the location and feasibility of the plan was secured by another party in 1912 and turned over to Getlis.

Whether he has interested sufficient capital to swing the deal, or whether he is promoting the scheme with the intention of unloading upon some organized power company is not yet known.

The dam would be located about four miles from the railroad, directly east of Bell Springs.

JURY CALLED TO HEAR CIVIL CASE IS DISCHARGED

Plaintiffs Demand Jury, But Change Minds Before Trial.

The venire of jurymen, which was called Wednesday to hear the case of Walker vs. Smith was discharged by Superior Judge J. Q. White, when they appeared in court Wednesday morning.

The plaintiffs, at whose instance the jury was summoned, changed their minds and waived a jury trial.

The case was instituted some time ago, and is the outcome of an endeavor upon the part of four of the daughters of the late Anna J. Smith, of Laytonville, to set aside the deed by which their mother conveyed all of her property, consisting of a ranch in Long Valley, to her son, A. L. Smith.

The plaintiffs allege that Smith used undue influence to cause his mother to deed him the property. On the other hand Smith alleges that he supported his mother from 26 years previous to her death and that he has a right to the property. Assisting Smith in the defense, are a brother, S. T. S. Smith, and one sister, Mrs. Mary E. Tracy.

Attorney Olin F. Berry of San Francisco is the attorney for the plaintiffs, while Keith C. Eversole represents the defense.

SATURDAY AFTERNOON CLUB ENTERTAINED AT LUNCHEON

The Saturday Afternoon Club brought the year to a close on last Saturday at a most enjoyable meeting at Glen Eleanor, the lovely country home of Mrs. Maxwell and Mrs. J. J. Thomas. These ladies were joined in extending gracious hospitality by Mrs. Hopkins, Mrs. Ferris Moulton, Mrs. Arthur Moulton, Miss Joan Fraser and Miss Pettis.

At one o'clock a delicious luncheon was served to the fifty ladies present. The tables were daintily appointed with exquisite centerpieces of sweet peas and maiden hair ferns. After full justice had been done to the very tempting viands the tables were cleared and an interesting business session followed. A contribution of $25 to the American Legion Memorial Fund was voted.

The officers reported by the nominating committee at the previous meeting were duly elected and inducted into office. Mrs. Kasch, the retiring president, briefly reviewed the year's achievements, and thanked the members for the hearty cooperation on their part which had made the president's tasks pleasant, and turned over the gavel to her successor, Mrs. Waldteufel, who made a very gracious speech of acceptance and appreciation.

Mrs. Hopkins recited "The American's Creed," in her inimitable manner and Mrs. Chester Cox gave a fifteen minute's resume of the most important events of the day, and Mrs. Arthur Holliday read a clever and humorous selection, "Wild Oats of a Spinster."

Then followed a round table discussion in which many of the members expressed their views as to desirable work for the ensuing year and many worth while and interesting ideas were advanced.

At five o'clock the club reluctantly adjourned, regretful that a delightful and truly interesting year was at a close but with anticipation of another equally good year to come.

PARENT-TEACHERS' MEETING

The Parent-Teachers' Association held its semi-monthly meeting at the grammar school on Friday afternoon with Mrs. Tadlock presiding. A number of business matters were discussed and a phonograph and records were ordered purchased for the use of the primary department.

A short program was rendered. Miss Frances Joseph gave two beautiful piano solos, and Miss Hilda Treat sang two very sweet songs. The ladies present were very appreciative of the numbers given by the two girls. Mrs. Held gave a short talk on the "Save the Redwoods" campaign now going on.

The next regular meeting will be postponed on account of its falling on one of the Chautauqua days.

ST. JOHN'S LADIES MEET

The ladies of St. John's Methodist Church held a very pleasant meeting in the church on Tuesday afternoon, Mrs. T. B. Moore, Miss Lucille Moore, and Mrs. Rains being the hostesses of the day. The church was prettily decorated, and an interesting literary program in which eight ladies took part, was rendered.

Dainty refreshments were served and a very peasant social time followed the program. About thirty-five members were in attendance at the meeting.

The flowers which were used as decorations were beautiful, being masses of snapdragons and pink and white lilies. The prize for highest score fell to the lot of Mrs. Bond while Miss Esther Redwine was the recipient of the consolation.

Delicious refreshments were served at the conclusion of the afternoon.

JOLLY SWIMMING PARTY

A number of the younger crowd of society enjoyed a swimming party at Ford's hole on Wednesday evening. Those who took part in the pleasant outing were the Misses Stella and Lempi Sandelin, Vivian Green, Rowena Owsley and Elysse Van Dusen, Messrs. Clarence Wegner, Joe Taylor, George Boring, and Ross Ryder, with Mr. and Mrs. Richard Andrews filling the role of chaperons. A jolly picnic supper followed the hour in the water.

SATURDAY MATINEE

About two hundred children enjoyed the matinee given Saturday afternoon under the auspices of the Parent-Teachers' Association. A half hour of music, devoted to singing patriotic songs, was followed by an hour of very interesting pictures. There were war scenes, scenes showing all stages of glass making, and scenes of Korean and Japanese life. The kindness of Mr. Davis in giving the use of his theatre for this treat for the children and of Mr. Penland in giving his time to operate the picture machine is much appreciated by the Parent-Teachers' Association.

The afternoon program opened at 1:30 with a devotional service led by Mrs. Dutcher of Lakeport. "The Ideal Missionary Society" was the subject of an excellent and finished paper by Mrs. George Cook. Mrs. Fuller sang a very sweet song, followed by Mrs. Toles in an interesting discussion of "What the Churches are Doing in Europe." Miss Pettis then sang very delightfully. Mrs. Stipp of Lake county made an appeal for greater use of the "Voice," the Missionary magazine.

"Conditions in Africa,'" with reference to missionary activities was the subject of a most excellent paper by Mrs. Puett. Mrs. Maxwell rendered a charming solo. Mrs. Foster gave an interesting talk on "What the Churches are Doing in Japan," and Mrs. Fuller on "What the Churches are Doing in China." Mrs. William Ford sang very pleasingly, and the program was ended by reciting the Lord's prayer in unison.

The students attending Nokomis school district are very sorry of Professor Ryder's retirement. The following are the names:

Clarence Billy, Richard Billy, Salvador Burke, Marion Edwards, Myrtle Billy, Lena Caradoba, Ideline Billy, Bennett Elliott, Jensey Knight, Josephine Knight, Edna Knight, Richard Knight, Florinda Arnold, Walter Arnold, David Joaquin, Frances Joaquin, Peter Munsel, and Norton Pasador.

YOUTHS ATTEMPT TO WRECK PASSENGER TRAIN

The climax in what seems to have been a well organized movement to play contemptible tricks along the line of the Fort Bragg-Willits railroad occured last Friday when Ralph Williams and Fred Johnson, 12 and 14 years of age respectively, wrapped a logging chain around the inside rail of the track one mile from Fort Bragg in an attempt to wreck the east bound passenger train. Only the fact that the chain was around the inside track saved the train from being completely derailed and plunging into Pudding Creek below. The locomotive and three coaches passed over the obstruction.

Williams and Johnson were arrested Saturday by Deputy Sheriff Ward Reis. They admitted committing the crime, but stated that they had no thought of injuring anyone by the deed that they had planned. Both have had criminal records, Williams having been implicated recently in the robbery of a cabin at Glen Blair. The boys also admitted stealing several articles recently.

Reis brought the boys here Monday and they will be examined in the Juvenile court.

In view of their criminal record it is probable that both boys will be committed to an institution for correction.

REDWOOD VALLEY RANCH INVOLVED IN LEGAL TANGLE

When Mrs. Florence Pingree of Marin county, signed her name to a contract which bound her to purchase the James Howard ranch in Redwood valley, it is not likely that she knew what a tangle of litigation would spring up over her signature. The contract was made on November 10, 1913, and was an agreement upon the part of Mrs. Pingree to purchase the Howard ranch for $6250, $1000 was paid down at the time the contract was signed, and another $1000 was to have been paid on April 15, 1920.

However, the Pingrees got tired of ranch life before April 15, and packed up and left for Sausalito. Previous to their departure however, they sold 300 cords of stumpage on the ranch to the Finnish Colony, and disposed of two cows and a calf, which had been purchased from the Howards, to various residents of Redwood valley.

When the Pingrees left the ranch the Howards moved back. Howard claims that Pingree had no right to sell the stumpage to the Finnish Colony and will not allow the wood to be moved from the premises. He has retained Attorney Charles Kasch and has started suit against Gus Thowson for the possession of the calf, which was born after the contract was made, and which Pingree sold to Thowson. Another suit will be instigated against O. P. Wells, another Redwood valley rancher, to regain possession of a cow which Pingree sold. Still a third suit will be filed as soon as the party who bought the other cow can be located.

In addition to these three lawsuits, it is thought that the Finnish Colony will sue to get possession of the wood, that the Pingrees will bring legal action to get back the $1000 which they paid down on the place, and that Jack Bell, who sold the property will sue the Howards for five per cent commission for making the deal in the first place.

CAR LEAPS FROM GRADE WHEN WISHBONE BREAKS

Seemingly an act of providence was all that saved Mr. and Mrs. John Gibson of Willits from death or serious injury, last Sunday when their car went over the grade on the state highway at the Wool Rock turn. The wishbone of their car broke as they were rounding the turn and the car left the grade and plunged into the canyon. Mrs. Gibson escaped with a few bruises, and her husband was uninjured. The car suffered a broken windshield and a bent bow in the top.

Louis Anker pulled the car back on the road, helped replace the broken wishbone, and the couple resumed their journey to Ukiah.

Big Glass Industry in Japan.

The plate glass industry in Japan has greatly expanded since the world war. Before the war about 550,000 boxes of glass were consumed annually, 420,000 boxes of which were imported from Belgium and Germany, the remainder being of home manufacture. In the past year 850,000 boxes were manufactured in Japan, of which 600,000 boxes were consumed in Japan, and the remaining 250,000 boxes were exported.—New York Tribune.

IS IT "JUST A COLD"?

Ukiah People Should Ask Themselves This Question.

Don't say: "It's just a cold."

It may turn into backache, rheumatic aches, achy joints

Or other serious sickness that comes from weak kidneys.

Colds are due to congestion.

Congestion makes the kidneys overwork to filter the blood.

Colds often leave the kidneys weak.

First break the cold;

Then use Doan's Kidney Pills to avert the kidneys dangers.

Let this Ukiah resident tell you about them.

M. G. Scott, 422 Ciara Ave., says: "Heavy lifting caused my kidneys to become disordered and several years ago I got down with kidney complaint. I had lumbago and severe backaches. If a cold settled on my kidneys the trouble was always worse. My kidneys acted irregularly, too. I read of Doan's Kidney Pills and used them and they soon removed the aches and pains from my back and put my kidneys in good condition."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Scott had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Royal Welsh Lady Singers

Famous Company at Chautauqua Which Has Achieved Honors Before English Royalty

One of the biggest musical events of Chautauqua week comes on the fourth day in the appearance of the Royal Welsh Lady Singers and their distinguished conductress, Madame Hughes-Thomas, in two concerts.

Shortly before leaving for their American tour, the Royal Welsh Lady Singers sang for the King and Queen in Windsor Castle. They were allowed but twenty minutes, but they remained an hour and a half, their majesties making frequent requests for the rendition of their favorite numbers. Upon the occasion of the King's visit at Cardiff, Wales, his Imperial Majesty, King George said: "Well, you Welsh people have beautiful voices. I have enjoyed your singing immensely. I must congratulate you, Madame Thomas, and your singers, on your excellent performance."

Chautauqua Presents "Kindling"

Splendid Dramatic Production by the Maurice Browne Players

The production of "Kindling" by the Maurice Browne players which is scheduled for the fifth night of Chautauqua, will be one of the big events of the coming assembly. Not since Margaret Illington brought this great drama to the Coast has "Kindling" been produced in the West. Then it registered a big success, and on its return to New York started on a sensational run lasting for two years.

Maurice Browne, under whose supervision this production has been made, is known widely as a pioneer of the Little Theater movement in America. He is now producing the "Medea" of Euripides with his wife in the title role at the Garrick theater, New York.

This potent drama by Charles Kenyon, is admirable as a work of art, but it is even more important as a social document. It probes deep into the problems of social justice. In the hands of Maurice Browne players, every detail is handled with consummate skill and artistry.

Congress Has Sorry Record

Bent upon adjournment or recess early in June, the present Republican Congress will have written a sorry record. To date, of general legislation promised the people in the 1918 campaign, it has passed a railroad bill. Granting that it will pass a budget law and soldier bonus bill prior to June, neither of which is yet certain, its record will consist of three general pieces of legislation, added to the usual annual supply bills. It will have done nothing to adjust the tariff and the revenue law inequalities; it will not have solved the problem of what to do with the merchant marine and will have done nothing to encourage foreign trade; it will have neglected its opportunity to create land settlements for discharged soldiers, and will have done nothing for the encouragement of better relations between capital and labor.

In a sentence, it will have done little but criticize the administration for what it has done and for what it has tried to do, but has been unable to do because Congress blocked the way, and it has been in session approximately one year.

The people will hardly be fooled again by such promises as were made by the Republican leaders in the campaign of 1918.

* * * * * *

Fair-minded Republicans admit, as all of them know, that the cost-plus contract basis as employed by the War Department during the war was the only way in which army camps could be constructed in time to meet the needs of the fast-growing army in the fall of 1917. As declared by Senator Sterling, Republican, in the Senate recently, it was the only way in which results could be produced quickly. Under the stress of the war, the American people wanted quick results, and cared nothing about cost, so long as it meant the saving of the lives of American youths.

After spending nine months investigating the building of army camps, the House Republican subcommittee asked the Department of Justice to make another investigation. Not finding any specific instances of wrongdoing, it now asks the Department of Justice to do what it could as easily have been asked to do nine months ago, and without the expenditure of thousands of dollars incurred by the committee.

* * * * * *

Republican Congressmen fear the labor vote this year. They realize that it will be difficult to hold both the manufacturer, who clamors for a tariff wall to guarantee large profits, and the workman, who is trying to make a living wage. The outstanding fact that the Republican party has done but little for the laboring man is beginning to hurt. While the Democrats point with pride to their legislative record on this subject, their opponents must rely on promises, and they have discovered that the people back home have checked up on them, contrasting their campaign pledges and their post-election performances.

The Democrats have a long list of labor laws to their credit. Here are some of them: The eight-hour law, passed by the Sixty-second Congress; the law establishing a children's bureau; a law making for the safety of railway employees; the workmen's compensation act; the seaman's law; the anti-injunction law, and other important measures for the protection and comfort of the working people.

For twenty years labor's representatives beat upon the doors of Congress, but were not heard. When the Democrats came into power in Congress ten years ago, one of the first things they did was to give the workingmen a fair hearing and to make an honest effort to correct the grievances they complained of and to enact desirable legislation. Under the Democratic administration, conditions for working men and women have steadily improved; wages have more than doubled, and in many instances trebled.

* * * * * *

Senator Boies Penrose, "boss" of the Sixty-sixth Congress, is showing signs of renewed political activity. He has returned to his home in Philadelphia after a sojourn in Florida. On the way north, he began to talk, discussing President Wilson and Herbert Hoover.

Disposing of the Democrats in a sentence, Mr. Penrose turned to Mr. Hoover the thorn that goads the Republican politician of the Penrose type to anger.

"Mr. Hoover had what a large number of people consider the impudence to state that Republicans should not participate in the discussions of the armistice and peace terms," said the Senator. "He has even said recently that he felt it his duty as an officeholder to follow his chief, thereby apparently construing his position to be not the great international non-partisan administrator of trust funds, but, like the ordinary chair warmer, holding an ordinary political office awarded for political service."

One by one Boss Penrose will seek to kill off the Republican candidates for President until he comes to the particular aspirant he would put in the White House, and then he will bring all his powerful influence to bear in behalf of the nomination of that candidate.

* * * * * *

The Republican keepers have done nothing to remove the Newberry "white elephant" from their menagerie.

INTERNATIONAL HARVESTER COMPANY

REPAIRS made for International implements and other farm equipment by the Harvester Company are the only repairs made from the original patterns. All others are copied from copies, and in this roundabout reproduction they may lose in correctness of shape, sharpness of detail, closeness in fitting, and quality of material. These repairs are made for Deering, McCormick, Milwaukee, Titan and other International-made machines.

Genuine IHC Repairs
Are Better in Quality
Fit Better and Wear Longer

The Harvester Company stands back of its machines. Be fair in the matter. Do not substitute imitation repairs for the genuine and expect best service. Repairs made by other concerns and marked "Made for" or "Will fit", are *not* genuine IHC repairs. They often lack weight, are not always correct in shape, are imperfectly finished, do not fit properly, or are made of inferior material. CLEAN UP!
PAINT UP!

Now is the time of year for the annual rejuvenation of premises and buildings. In many places certain days have been set aside for a concerted effort along those lines.

It is not necessary to wait for any movement of that nature before cleaning up, however. The appearance of your property depends upon your personal efforts and desires. Clean up, paint up,

NOW!

Nothing can add to the attractiveness of a building as a coat of paint will add.

For this purpose we have the Acme Brand Special Maintenance Outside White, in 5-gallon cans, selling at $15.50 per can. This paint was contracted for over a year ago, enabling us to sell at a greatly reduced price.
